**Product/Business Description:**

ORS Partners is a leading provider of outsourced recruitment solutions and is comprised of top recruiting professionals hired to build and scale venture-backed, high-growth firms across all industries.

**Target Audience:**

ORS Partners typically partners with c-level executives or human resource leaders within emerging growth firms.

**Who we are looking to connect with:**

- **Industry**
  - Information Technology, Finance & Banking, Healthcare, Pharma & Biotech, E-commerce, Consumer Packaged Goods
- **Professional Type**
  - C-level executives or human resource leaders

**Latest Achievements:**

Since inception in 2012, ORS Partners has established itself as the premier Philadelphia talent acquisition partner and tripled their team size, client base, and revenue, with 253% growth in 2013, and 154% in 2014.

**Commentary:**

With our 'white label recruiting solution,' ORS is giving clients the ability to 'insource' an outsourced solution: internally, ORS consultants provide clients with a best-in-class recruiting solution; externally, ORS retains the client's employer brand to enhance the candidate experience. This differentiated offering allows ORS' clients to offload their recruiting function without jeopardizing the consistency in their employer brand, a critical component to successful talent management.
