
FOR IMMEDIATE RELEASE 2/22/2018

Vizient Inc. selects the Forerunner Group, LLC., DBA, RXTransparent as a Preferred Vendor for DSCSA Compliance

Vizient Inc., the largest member-driven health care performance improvement company in the United States, announced that RXTransparent has been awarded a preferred vendor contract for FDA Drug Supply Chain Security Act 2013 (DSCSA) Compliance Solutions. This latest agreement further solidifies RXTransparent, as an industry leader in DSCSA Compliance and in the supply chain solutions field. RXTransparent Compliance platform is the first and only end to end DSCSA compliance solution available, providing transparency and traceability throughout the entire supply chain from manufacturer to loading dock to individual dose. The technologically advanced cloud-based platform utilizes blockchain technology, is mobile-first in design, and easy to use, providing anytime, anywhere access on any internet ready device. RXTransparent Compliance enables seamless tracking across real-world healthcare settings and scenarios.

With the addition of RXTransparent as a preferred partner, Vizient members, which represent over a \$100 Billion in healthcare spend and includes academic medical centers, pediatric facilities, community hospitals, integrated health diversity networks and non-acute health care providers, will have a cutting-edge solution that is secure, making it easy for its members to become DSCSA Compliant.

Dwight deVera, RXTransparent's Chief Executive Officer, said: "We are pleased to become a preferred partner with Vizient, and are excited to bring Vizient members traceability beyond the loading dock, a vital part of the drug supply chain. RXTransparent Compliance and Analytical solutions create actionable analyses to address critical pharmaceutical business challenges to ensure long-term success. We look forward to working with the Vizient members."

About RXTransparent

The King of Prussia, Pennsylvania based, RXTransparent is a blockchain enabled platform that allows healthcare providers to put the finger on the pulse of their drug supply chain through Supply Chain Security, Supply Chain Analytics, and product and inventory transparency. RXTransparent is committed to lowering the cost of healthcare delivery through better transparency of pharmaceutical drug supply. This mobile app platform consistently gathers praise as the easiest to use compliance platform in the market. RXTransparent builds on the foundation of the compliance platform to deliver supply chain insights through its Analytics and Virtual Perpetual Inventory (VPI) modules which are focused on finding ways for healthcare organizations to become more efficient while upholding or improving the standard of patient care.
