BPM-D FREE eLearning access for 90 days!

BPM-D is pleased to offer FREE access to our library of eLearning courses during the next 90 days (ending July 31st). We would like to offer a way for our clients and the broader community to continue their BPM journey – **FREE of charge**! Our unique eLearning course offer a next generation digital learning experience with courses ranging in duration from 1-hour to a full day.

Our courses are ideal for both executives and practitioner and covers the following topics:

Executives:
- How organizations and their processes are affected by their digitalization journey
- Process management as the value-switch for digital transformation
- Creating value for stakeholders by leveraging the right process management discipline
- Prioritize processes and projects to target real business value

Practitioners:
- Conducting improvement opportunity interviews to design high performance future state processes and effectively drive change initiatives
- Analyzing and designing processes using modelling standards as common language of change
- Implementing a value-driven process repository to gain the most benefits through the achieved transparency
- Developing appropriate process repository governance to ensure that process models are being maintained, updated, and implemented – to deliver continuous value
